It's a very green method as rope is reusable unlike ammunition...and doesn't dull like an ax or a guillotine blade. The Progressive left should be ecstatic to be executed like this. HEMP FOR VICTORY! ;-)

7 Yes and cheaper than an open helicopter ride.

2 So, is building a gallows in front of the Capitol building still a thing?

2 I sure hope so. The pictured one isn't functional (not sturdy enough) but looks great. Building one like this with multiple nooses and labeled in big letters "Election Fraud Solution" would send a clear message. Build it tonight and let the dawn reveal it.
